

French Doors

Brighten up your home, improve your view and make a garden a natural extension to your living area with a Camden French Door. The opening allows unrestricted access and maximum ventilation and offers the choice of opening inwards or outwards, restrictors are fitted as standard to all opening out doors.

A choice of two styles and a range of colours are available; Essential is offered in a wide range of colours while the Extra choices include White, Rosewood and Oak. The range is also fitted with colour co-ordinated gaskets to create an attractive finish. Security is of utmost importance and with this taken into consideration the doors feature an 8 point locking system (Centre Latch, Deadbolt, 4 roller cams and a Top and Bottom shootbolt) for extra reassurance.

Key Features

- **2 Profile Finishes**

- **8 Point Locking System**

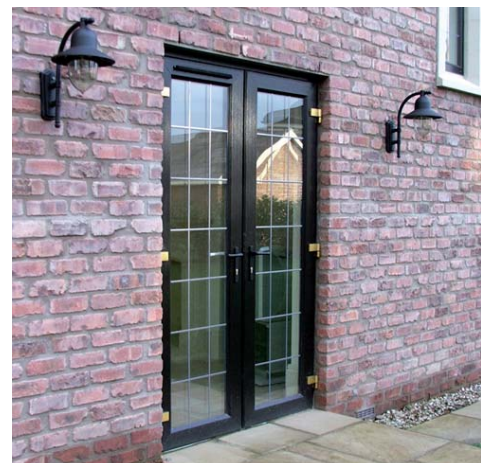

French Doors

Improve your view and make a garden a natural extension to your living space. The opening allows unrestricted access and maximum ventilation.

Features & Benefits

- **Choice:** Window furniture - White, Black, Silver & Brass
- **Character:** Sculptured or Angled french doors offer a beautiful, traditional finish
- **Convenience:** Moving parts within the door simply require a light oiling once or twice a year to ensure that the french doors continue to side open smoothly
- **Low Maintenance:** They will not rot, warp or require repainting
- **Internally Glazed:** An extra security feature as the glass can only be removed from inside your home
- **Security:** 8 point locking system
- **Thermal Efficiency:** Now available with Super Spacer as standard in all sealed units reducing condensation and lowering energy costs.
